 - Strong UI/UX Design Skills (implying knowledge of design principles using tools like Adobe XD)

Professional Experience

- **React JS Project - Conestoga College, Waterloo**, - Designed and implemented a **responsive web application for Drive Test** - enhancing user interaction and system efficiency. Utilized MongoDB for responsive data handling and cloud storage solutions.
- **Job Portal in PHP and MySQL - Conestoga College, Waterloo(Capstone)**, - Developed a comprehensive job portal application as part of a team, focusing on backend development, database design, and front-end user interfaces. We managed the project using GitHub, Scrum methodologies, and Trello for task tracking.

- **Customer Sales and Service Expert** - Concentrix, Kitchener, Canada (04/2023 - 01/2024) We transitioned problem-solving and customer interaction skills to a technical and customer service and sales context, enhancing the user experience for customers' query solutions. I have the highest monthly sales, 14, with more than three Kudo calls, including appreciation from the manager and an average feedback rating of 90/100 from the customers.

Volunteer Experience

- **National Service Scheme (NSS) Volunteer:** Contributed to community service projects for two years, developing teamwork and leadership skills.
